

WINNER

AUSTRALIA - NEW ZEALAND
WAI INNOVATOR OF THE YEAR

Women in AI
Awards 2021
Australia - New Zealand

“

Artificial Intelligence is changing our world and will address many of the challenges - and opportunities - humanity faces. But for this to happen, we need women to be right at the forefront of the field. I hope the Women In AI Awards inspires women and girls everywhere to pursue careers in AI!

Jamila Gordon

AUSTRALIA - NEW ZEALAND WAI INNOVATOR OF THE YEAR

“

I am incredibly humbled to win the WAI Award for our work building a Social Network for Healthcare, and our first product Life Whisperer that is already improving fertility outcomes globally. Thank you to the selection committee, our global clinical collaborators, and my amazing team for their vision and commitment.

Dr Michelle Perugini

Chief Executive Officer and
Co-Founder | Presagen

AUSTRALIA - NEW ZEALAND WAI INNOVATOR OF THE YEAR

“

As an innovator and lover of technology, including AI, I have always been passionate about using technology to find efficiencies in business processes. As a woman working in AI, the gender challenge is real most days, but by building the right team, who value and support me, consider the glass ceiling smashed.

Fiona Turner
