JEWELROCK

"I am truly grateful for this recognition and express my heartfelt appreciation to my Data61 colleagues. To witness the positive impact of Data61's responsible AI engineering approach within the industry has been an amazing experience. I look forward to continuing to collaborate with industry and community to implement responsible AI."

Dr Qinghua Lu

Principal Research Scientist | Data61 | CSIRO
Team Leader, Software Engineering for AI (SE4AI) Research Team | Data61 | CSIRO
Lead, Responsible AI Science Team | Data61 | CSIRO

Winner
WAI Trailblazer Award

"

I am a collage made of the rich histories, stories, languages, and cultures of the African people. This award is for the many African voices that are not represented in AI, and who not only experience AI bias, but their knowledge might get lost with the new digital social order."

Angella Ndaka

Co-founder | The Centre for Africa Epistemic Justice
Research fellow–Sustainable Digital Economics
| Alexander von Humboldt Institute for Internet and Society

Winner
Cultural Leadership in AI Award
